

# pressure gauge MA-15-10-QS-6

Part number: 153384

FESTO

With display unit in bar and psi.

## Data sheet

| Feature                            | Value   |
|------------------------------------|---|
| Indicating range [bar]             | 0 ... 10 bar  |
| Nominal size of pressure gauge     | 15  |
| Design structure                   | Bourdon tube pressure gauge without measuring mechanism |
| Mounting type                      | Line installation                                       |
| Operating medium                   | Inert gases<br>Neutral fluids                           |
| Operating pressure                 | 0 ... 10 bar  |
| Alternating load factor            | 0.66  |
| Measurement accuracy class         | 5   |
| Protection class                   | IP53  |
| Medium temperature                 | -20 ... 60 °C   |
| Ambient temperature                | -20 ... 60 °C   |
| Materials note                     | Conforms to RoHS  |
| Position of connection             | Rear side central                                       |
| Pneumatic connection               | QS-6  |
| Materials in contact with media    | Brass   |
| Material of threaded plug          | Brass   |
| Material housing                   | Steel   |
| Material screen                    | PC  |
| Housing colour                     | Black   |
| Product weight                     | 10 g  |
| Note on operating and pilot medium | No acetylene<br>No oxygen                               |
