

# plug socket with cable KMEB-2-230-2,5

Part number: 174846

FESTO

Pre-assembled, for MEBH, MOEBH valves and N2 solenoids.

## Data sheet

| Feature                                 | Value                                                                                        |
|-----------------------------------------|----------------------------------------------------------------------------------------------|
| Mounting type                           | On solenoid valve with M2.5 central screw                                                    |
| Assembly position                       | Any                                                                                          |
| Product weight                          | 200 g                                                                                        |
| Electrical connection                   | 4-pin<br>Plug socket angled<br>Plug pattern type C to EN 175301-803<br>Per DIN EN 175301-803 |
| Nominal operating voltage, AC           | 230 V                                                                                        |
| Protective earth connection             | Available                                                                                    |
| Cable length                            | 2.5 m                                                                                        |
| Cable diameter                          | 6.2 mm                                                                                       |
| Cable structure                         | 3x0,75                                                                                       |
| Protection class                        | IP65<br>to IEC 60529                                                                         |
| Ambient temperature                     | -20 ... 80 °C                                                                                |
| CE mark (see declaration of conformity) | in accordance with EU RoHS directive                                                         |
| Materials note                          | Conforms to RoHS                                                                             |
| Material cable sheath                   | TPE-U(PUR)                                                                                   |
| Material housing                        | PA<br>POM                                                                                    |
| Material electrical contact             | Bronze                                                                                       |
