

# suction cup holder ESH-HD-5-G

Part number: 189241

FESTO

with height compensator, vacuum connection at side, compensator secured by two hexagonal nuts.

## Data sheet

| Feature                                   | Value   |
|---|---|
| Height compensator for suction-cup holder | 10 mm   |
| Volume                                    | 2.072 cm <sup>3</sup>                                 |
| Assembly position                         | Vertical  |
| Design structure                          | Vacuum connection at side<br>with height compensation |
| Correlation to suction-cup holder         | Size 5  |
| Operating medium                          | Atmospheric air based on ISO 8573-1:2010 [7:-:-]      |
| Corrosion resistance classification CRC   | 1 - Low corrosion stress                              |
| Ambient temperature                       | -10 ... 60 °C   |
| Product weight                            | 195 g   |
| Mounting type                             | with lock nut   |
| suction cup mounting                      | M10   |
| Vacuum connection                         | G1/8  |
| Materials note                            | Conforms to RoHS                                      |
| Material bracket                          | POM<br>Heat-treatment steel<br>High alloy steel       |
