

# stop KYC-40

Part number: 541694

FESTO

For DGC and DGCI linear drives.

## Data sheet

| Feature                                 | Value                                       |
|---|---|
| Size                                    | 40  |
| Precision adjustment                    | 15 mm                                       |
| Corrosion resistance classification CRC | 2 - Moderate corrosion stress               |
| Ambient temperature                     | -10 ... 80 °C                               |
| Product weight                          | 1,525 g                                     |
| Materials note                          | Free of copper and PTFE<br>Conforms to RoHS |
| Material stop screw                     | Steel<br>Galvanised                         |
| Material stop bracket                   | Stainless steel casting                     |
| Material housing                        | Aluminium<br>Anodised                       |
| Material cap                            | POM   |
| Material clip                           | High alloy steel, non-corrosive             |
| Material nut                            | Steel<br>Galvanised                         |
