## AS-i module VAEM-S6-S-FAS-8-8E Part number: 549045

## Data sheet

| Feature                                    | Value   |
|--|---|
| Fieldbus interface                         | Socket M12x1/4-pin                            |
|  | Plug, M12x, 4-pin                             |
| Device-specific diagnostics                | Short-circuit / overload, inputs              |
|  | Undervoltage                                  |
|  | Via periphery error:                          |
| Assembly position                          | Any   |
| Max. number of valve positions             | 4 with bistable valves                        |
|  | 8 with monostable valves                      |
| Max. number of solenoid coils              | 8   |
| Polarity protected                         | For all operating voltage connections         |
| Control elements                           | DIL switches                                  |
| Number of slaves per device                | 2   |
| DC operating voltage, AS interface         | 26.5 31.6 V                                   |
| Note regarding load voltage                | Via load voltage connection (24 V DC)         |
| Load voltage range DC                      | 21.6 26.4 V                                   |
| Maximum number of outputs                  | 8   |
| Maximum number of inputs                   | 8   |
| Nominal DC operating voltage, AS interface | 26.5 V  |
| Nominal voltage DC                         | 24 V  |
| Nominal operating voltage DC               | 24 V  |
| Residual ripple, AS interface              | <= 20 mVss                                    |
| Residual ripple, load voltage              | 4 Vss   |
| Switching level                            | Signal 0: <= 5 V                              |
|  | Signal 1: >= 11 V                             |
| Permissible voltage fluctuation            | +/- 10 %                                      |
| CE mark (see declaration of conformity)    | to EU directive for EMC                       |
|  | to EU directive low-voltage devices           |
| Corrosion resistance classification CRC    | 0 - No corrosion stress                       |
| Storage temperature                        | -20 60 °C                                     |
| Relative air humidity                      | 0 - 90 %                                      |
| Protection class                           | IP65  |
|  | in assembled condition                        |
| Ambient temperature                        | -5 50 °C                                      |
| Product weight                             | 300 g   |
| Electrical connection                      | Fieldbus                                      |
| Input circuit logic                        | PNP (positive-switching)                      |
| Electrical connection                      | via CPX                                       |
| Addressing range                           | 1 31 (0)                                      |
|  | Adjustment via AS interface addressing device |
| Electrical isolation, fieldbus interface   | Optocoupler                                   |
| Bus-specific LED display                   | ASi: AS interface operating mode              |
|  | Aux/Pwr: AS interface power supply            |
|  | Fault: AS interface error                     |
| Product-specific LED display               | 0 7: switching status at inputs               |
|  | 12/14: switching status at valves (on valve)  |
| Product ID                                 | ID1=Fh  |

**FESTO** 

## FESTO

| Feature          | Value            |
|------------------|------------------|
|                  | ID2=Eh           |
| Material seals   | NBR              |
|                  | PUR              |
| Material housing | PA               |
| Materials note   | Conforms to RoHS |
