

# regulator plate

## VABF-S4-2-R6C2-C-10E

Part number: 560775

FESTO

## Data sheet

| Feature                                 | Value   |
|---|---|
| Width                                   | 18 mm   |
| Based on the standard                   | ISO 15407-2   |
| Assembly position                       | Any   |
| Controller function                     | Output pressure constant with secondary exhaust                             |
| Pressure gauge selection                | possible  |
| Pressure regulation range               | 0.5 ... 10 bar  |
| Inlet pressure 1                        | 0.5 ... 10 bar  |
| CE mark (see declaration of conformity) | to EU directive low-voltage devices   |
| Operating medium                        | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                    |
| Note on operating and pilot medium      | Lubricated operation possible (subsequently required for further operation) |
| Corrosion resistance classification CRC | 0 - No corrosion stress   |
| Protection class                        | IP65<br>NEMA 4  |
| Pilot medium                            | Compressed air in accordance with ISO8573-1:2010 [7:4:4]                    |
| Ambient temperature                     | -5 ... 50 °C  |
| Product weight                          | 410 g   |
| Vertical stacking type of mounting      | on manifold block<br>on individual sub-base                                 |
| Pressure gauge connection               | with retaining clamp  |
| Material control panel                  | PA  |
| Material regulator housing              | Aluminium die cast  |
