## vacuum generator OVEM-10-H-B-QO-CE-N-1PD Part number: 8037699

Supply/vacuum port with QS fittings, exhaust port with open silencer.

## **Data sheet**

| Feature                                       | Value                           |
|---|---------------------------------|
| Nominal size, Laval nozzle                    | 0.95 mm                         |
| Grid dimension                                | 20 mm                           |
| Design, silencer                              | open                            |
| Assembly position                             | Any                             |
| Ejector characteristic                        | High vacuum                     |
|   | Standard                        |
| Grade of filtration                           | 40 μm                           |
| Manual override                               | Pushing                         |
| Integrated function                           | Ejector pulse valve, electrical |
|   | Flow control valve              |
|   | Electrical on-off valve         |
|   | Filter                          |
|   | Air saving function, electrical |
|   | Non-return valve                |
|   | Open silencer                   |
|   | Vacuum switch                   |
| Design structure                              | modular                         |
| Short circuit strength                        | Yes                             |
| Measured variable                             | Relative pressure               |
| Measuring principle                           | Piezoresistive                  |
| Switching element function                    | Normally closed contact         |
|   | Normally open contact           |
| Switching function                            | Window comparator               |
|   | Threshold value comparator      |
| Valve function                                | closed                          |
| Polarity protected                            | for all electrical connections  |
| Standard switching input                      | IEC 61131-2                     |
| Type of display                               | 4-place alphanumeric            |
|   | Backlit LCD                     |
| Indicating range [bar]                        | -0.999 0 bar                    |
| Unit(s) that can be displayed                 | bar                             |
| Hysteresis adjustment range [bar]             | -0.9 0 bar                      |
| Setting options                               | Via display and buttons         |
| Switching position indicator                  | LCD                             |
| Operating status display                      | Optical                         |
| Threshold setting range                       | -0.999 0 bar                    |
| Operating pressure                            | 2 8 bar                         |
| Operating pressure for max. vacuum            | 3.5 bar                         |
| Max. vacuum                                   | 93 %                            |
| Nominal operating pressure                    | 6 bar                           |
| Max. suction rate with respect to atmosphere  | 19.5 l/min                      |
| Air supply time at nominal operating pressure | 0.2 s                           |
| Operating voltage range DC                    | 20.4 27.6 V                     |
| Duty cycle                                    | 100 %                           |

**FESTO** 

## FESTO

| Feature   | Value   |
|---|---|
| Inductive protective circuit                              | Adapted to MZ-, MY-, ME coils                               |
| Insulation voltage  | 50 V  |
| Idle current  | < 70 mA   |
| Max. output current                                       | 100 mA  |
| Residual current  | 0.1 mA  |
| Switch output   | PNP   |
| Voltage drop  | <= 2 V  |
| Characteristic coil data                                  | 24 V DC: low-current phase 0.3 W, high-current phase 2.55 W |
| Surge strength  | 0.8 kV  |
| Overload withstand capability                             | Available   |
| Degree of contamination                                   | 3   |
| Authorisation   | RCM Mark  |
|   | c UL us - Listed (OL)                                       |
| KC mark   | KC-EMV  |
| CE mark (see declaration of conformity)                   | to EU directive for EMC                                     |
| Operating medium  | Compressed air in accordance with ISO8573-1:2010 [7:4:4]    |
| Note on operating and pilot medium                        | Lubricated operation not possible                           |
| Corrosion resistance classification CRC                   | 2 - Moderate corrosion stress                               |
| Medium temperature  | 0 50 °C   |
| Relative air humidity                                     | 5 - 85 %  |
| Noise level at nominal operating pressure                 | 73 dB(A)  |
| Protection class  | IP65  |
| Safety class  |   |
| Ambient temperature                                       | 0 50 °C   |
| Max. tightening torque                                    | 0.8 Nm with female thread                                   |
|   | 2.5 Nm with clearance hole                                  |
| Product weight  | 330 g   |
| Pressure measuring range                                  | -1 0 bar  |
| Accuracy, FS  | 3 %FS   |
| Switching point reproducibility, FS                       | 0.6 %   |
| Input circuit logic                                       | PNP (positive-switching)                                    |
| Electrical connection                                     | 5-pin   |
|   | M12x1   |
|   | Plug  |
| Protection against manipulation                           | PIN-Code  |
| Mounting type   | with through hole   |
|   | with internal (female) thread                               |
|   | with accessories  |
| Pneumatic connection, port 1                              | QS-8  |
| Pneumatic connection, port 3                              | Integrated silencer   |
| Vacuum connection   | QS-8  |
| Materials note  | Contains PWIS substances                                    |
